VIRTUAL WORKSHOP

Special Needs Planning

Thursday, May 19

6-7:30pm

As parents, we want to ensure our children are cared for in every possible way. For the parents of a child with special needs, planning for our child's long-term care is especially challenging. In this discussion we'll explain the means test that applies to many state and federal benefits, and walk parents through the estate planning options that will allow them to set aside assets for their child without endangering the child's ability to receive those benefits.

PRESENTER: ATTORNEY KIM MARTIN
